

Product Description:

EASYCOVE ADHESIVE® is a multi-purpose gun grade 100% solids epoxy adhesive and horizontal repair paste. It is specially formulated for fast-track repairs and as an excellent adhesive for flooring accessory installations. **EASYCOVE ADHESIVE®** is a two component gray colored adhesive paste packaged in an easy to use dual cartridge 300ml X 300ml tube set.

EASYCOVE ADHESIVE® has been formulated to create the most secure bond possible for EASYCOVE preformed base moldings to various substrates in a fast and convenient manner. **EASYCOVE ADHESIVE®**'s excellent bond strength, thick consistency and quick setting attributes make it a superior choice over single component, solvent cut traditional construction adhesives. **EASYCOVE ADHESIVE®** can also be used to filled seams and joints in **EASYCOVE** and can be sanded after approximately 30-45 minutes in typical conditions.

Physical Testing Information:

Volume mix ratio:	1 to 1
Viscosity (mixed):	3,000-4,000 CPS (approx.)
Solids Content (%):	100% solids
VOC:	VOC/HAPs compliant
Application Temps:	50 ⁰ - 80 ⁰ F.
Hardness (ASTM D-2240)	85 (Shore D)
Gel Time	15 minutes
Dry to Touch (recoat with compatible product)	30 minutes
Through-Cure (able to sand)	45 minutes

Please review ROCK-TRED's Product Data Sheet and SDS for further information on this product. All physical testing information is from performance testing run on neat coats of the tested product unless otherwise indicated.
